

**R**Apid Payer, **P**rovider & **P**atient Integrated **D**ata

## Proprietary Data Engine Powered by Claims

Boost your speed to insight by connecting the complex universe of healthcare data. Enjoy the freedom to explore and grow your business without the frustrations that go along with procuring and integrating data across your organization.

### Proprietary Payer Data Master

Precision's turnkey data-agnostic Payer Master, with data enrichment, provides the foundation for actionable insights

### Proprietary IDN Master and Reference Data

Connect data for meaningful cross-asset insights with HCP-HCO affiliations, best locations, best specialty, referral and influence mapping, and oncology customer masters

### Access to Longitudinal Patient Claims Data

Gain new insights by connecting the universe of complex healthcare data from a vast repository of clinical, claims, genomic and other non-standard vocabularies via Datavant key
